

FLIGHT 22

SHOWCASE BASKETBALL

Flight 22 Showcase Basketball Team originally began in 2000 with the original name being the Wilmington Warriors. Since 2000, we have coached areas best basketball players from area high schools and helped get players much needed exposure for college basketball. To date, we have helped 50+ players reach Division I basketball, and 40+ Division II. Such Division I players who have played for us are Cedric Simmons NC State, Tyler MeDaniels Chicago State, Joseph Harris Coastal Carolina, Cole Dewey Campbell University, Stan Johnson Western Carolina, Kris Clark Utah State, Jason Battle Cornell University, Jason Aycock UNC Wilmington, Elijah Wilson Coastal Carolina, DJ Mason Campbell University, Stilman White University of North Carolina, Rian Holland Wichita State University.

Our players have gone on to play in and among the nation's best college basketball programs!

GOALS:

We try to expose area players to basketball outside of Southeastern NC. Our goal is to ignite a work ethic and understanding of what it will take to get to the next level. The ultimate goal is to get area players to earn full athletic scholarships via basketball. It is imperative to get these players out in the recruiting period which is April -July for Universities. Once exposed, college coaches begin the recruiting process through their respected high school coaches.

FINANCIAL GIFT:

It is very expensive to pay for tournament registration fees, hotel stay, and travel. Your gift allows for this to happen and to just concentrate on basketball

ANY AMOUNT IS GREATLY APPRECIATED.

Please help us help these young men in their future educational and athletic endeavors.

STAFF:

Founder of Flight 22: Nathan Faulk
